# Access Control Unit (Security & Reception Guard Cabin)

Turnkey, relocatable surveillance and checkpoint booth engineered for European campsites, holiday parks, marinas, and gated facilities. Delivers complete 360° perimeter visibility with 4 mm toughened aluminum-framed safety windows (including one opening window) and a heavy-duty PVC entrance door. Delivered fully assembled and pre-wired—simply position with a forklift and plug into electricity.

Campsite Gate Deployment

360° Glazing

Heavy PVC Door

## ARCHITECTURAL EXTERIOR FINISHES

**SafranCity Series**
Warm wood-look composite slatted facade over an anthracite frame. Natural aesthetic for nature parks & glamping resorts.

**AntraCity Series**
Full RAL 7016 Anthracite Grey modern architectural finish. Sleek industrial styling for contemporary resorts & marinas.

**PrimeCity Series**
Clean RAL 9002 Off-White paneling. Sunlight-reflective, bright, and clean aesthetic for all-purpose facility checkpoints.

Engineering Specifications — TSE Certified Structural Standards

| PARAMETER | TECHNICAL DETAIL & MATERIAL STANDARD |
|---|---|
| **Configuration** | Turnkey Relocatable Guard & Reception Cabin (360° Observation, Insulated Shell, Pre-Wired) |
| **External Dimensions** | 220 cm (Length) × 220 cm (Width) × 230 cm (Height) *(Custom sizes available)* |
| **Perimeter Visibility** | Full 360° 4-sided observation: 4 mm toughened safety glass with aluminum frames (1 opening window + 3 fixed) |
| **Entrance Door** | Heavy-duty thick-series reinforced PVC profile door with integrated multi-point cylinder security lock |
| **Wall & Roof Insulation** | 40 mm EPS high-density sandwich panels (B1 Fire Class, 14–16 kg/m³ density; thermal insulation K: 0.62 Kcal/m²h°C) |
| **Roof & Load Capacity** | 40 mm insulated capped sandwich panel system; snow load 80 kg/m², wind resistance 102 km/h |
| **Subfloor & Floor Finish** | Cold-formed galvanized profile chassis covered with 16 mm heavy-duty board and 2.5 mm non-slip PVC coating |
| **Electrical Infrastructure** | 220V standard plug-and-play: 16A (30mA) RCD protection relay, LED lighting, switches & 3×2.5 mm² power outlets |
| **Installation Directive** | Zero assembly required. Delivered 100% pre-assembled; simply connect to power on a level pad |
| **Mobility & Handling** | Integrated base forklift pockets and reinforced top lifting plates for crane or forklift positioning |

**Uncompromised 360° Surveillance**
Glazed on all four sides with 4 mm toughened glass, enabling staff to supervise gates, guest lines, and barriers with zero blind spots.

**100% Ready-to-Use Delivery**
No on-site construction or assembly crews required. Offload with a forklift, plug into electricity, and begin operations immediately.

**Direct Manufacturer:** In-house production plant in Sakarya, Türkiye.
**Logistics:** Export-wrapped and delivered directly via curtain-sided mega-trailers across Europe.
