Single Access Control Unit (Compact 145×145 cm Guard & Ticket Cabin)

Compact, relocatable single-attendant checkpoint cabin engineered for European campsites, holiday parks, marinas, and toll barrier lanes. Features unobstructed 360° perimeter visibility with 4 mm toughened aluminum-framed safety windows (including one opening window) and a heavy-duty PVC entrance door. Delivered 100% factory-assembled and pre-wired—simply position with a forklift and plug into 220V electricity.

PrimeCity 145×145 cm Footprint

Base Pockets & 360° Glazing

Heavy-Duty PVC Door

ARCHITECTURAL EXTERIOR FINISHES

SafranCity Series
Warm wood-look composite slatted facade over an anthracite frame. Natural aesthetic for nature parks & glamping resorts.

AntraCity Series
Full RAL 7016 Anthracite Grey modern architectural finish. Sleek industrial styling for contemporary resorts & marinas.

PrimeCity Series
Clean RAL 9002 Off-White paneling. Sunlight-reflective, bright, and clean aesthetic for all-purpose facility checkpoints.

Engineering Specifications — TSE Certified Structural Standards

PARAMETER	TECHNICAL DETAIL & MATERIAL STANDARD
Configuration	Compact Single-Attendant Guard & Ticket Booth (Stationary / Relocatable)
External Dimensions	145 cm (Length) × 145 cm (Width) × 230 cm (Height)
Approximate Weight	approx. 140 – 160 kg (Reinforced galvanized structural steel chassis)
Perimeter Visibility	Full 360° 4-sided observation: 4 mm toughened safety glass with aluminum frames (1 opening window + 3 fixed)
Entrance Door	Heavy-duty thick-series reinforced PVC profile door with integrated security cylinder key lock
Wall & Roof Insulation	40 mm EPS high-density sandwich panels (B1 Fire Class, 14–16 kg/m³ density; thermal insulation K: 0.62 Kcal/m²h°C)
Roof & Load Capacity	40 mm insulated capped sandwich panel system; snow load 80 kg/m², wind resistance 102 km/h
Subfloor & Floor Finish	Cold-formed galvanized profile chassis covered with 16 mm heavy-duty board and 2.5 mm non-slip PVC coating
Electrical Infrastructure	220V plug-and-play: 16A (30mA) RCD protection relay, LED lighting, switches & 3×2.5 mm² power outlets
Installation Directive	Zero assembly required. Delivered 100% pre-assembled; simply connect to power on a level pad
Mobility & Handling	Integrated base forklift pockets and top corner lifting points for crane or forklift positioning

Space-Efficient 145×145 cm Footprint
Perfect for narrow entrance barrier islands, toll booths, and compact campground gates without restricting vehicle passage.

Immediate Plug-and-Play Commissioning
Arrives fully assembled and wired. Offload with a forklift, plug into electricity, and begin operations with zero civil works.

Direct Manufacturer: In-house production plant in Sakarya, Türkiye.
Logistics: Export-wrapped and delivered directly via curtain-sided mega-trailers across Europe.
