SanitaCamp

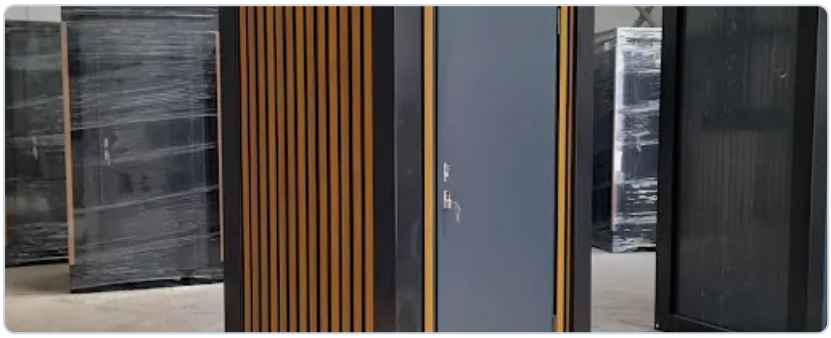
MODULAR SANITARY ARCHITECTURE • OUTDOOR HOSPITALITY

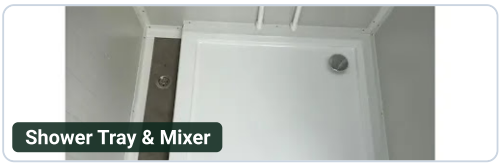
TECHNICAL DATASHEET

Ref: SC-SSC-2026-EU

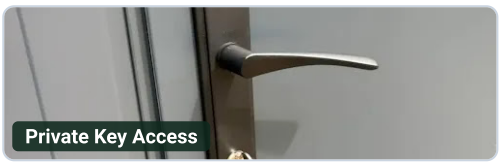
Single Private Shower Cabins (Standalone Ensuite Series)

Turnkey, high-hygiene private shower units engineered specifically for European campsites, glamping resorts, and holiday parks. Delivered 100% pre-plumbed and pre-wired for instant direct pitch connection to water supply and greywater drainage lines.





Shower Tray & Mixer



Private Key Access

ARCHITECTURAL EXTERIOR FINISHES

SafranCity Series
Warm wood-look composite slatted facade over an anthracite steel frame. Harmonizes seamlessly with glamping and nature parks.

AntraCity Series
Full RAL 7016 Anthracite Grey modern architectural finish. Contemporary styling for coastal pitches & motorhome resorts.

PrimeCity Series
Clean RAL 9002 Off-White paneling. Sunlight-reflective, bright, and hygienic aesthetic for commercial campsites.

Engineering Specifications — European Commercial Norms

PARAMETER	TECHNICAL DETAIL & MATERIAL STANDARD
External Dimensions	110 cm (Length) × 120 cm (Width) × 230 cm (Height)
Approximate Weight	140 – 150 kg (High wind stability with forklift pitch mobility)
Structural Frame & Mobility	Galvanized, cold-formed steel structure with integrated base forklift pockets
Wall & Ceiling Insulation	40 mm high-density EPS insulated composite sandwich panels (Thermal retention & acoustic comfort)
Shower Tray & Drainage	Integrated anti-slip acrylic/composite shower base with high-flow gravity waste water trap
Fixtures & Fittings	Chrome shower kit (mixer valve, rail, hand showerhead), robe hooks, waterproof curtain/divider
Plumbing Connections	Direct connection: standard 1/2" hot/cold water inlets + 50 mm / 110 mm gravity discharge outlet
Electrical & Ventilation	16A internal RCD fuse box, IP-rated waterproof LED ceiling fixture, mechanical steam exhaust fan
Door & Access Security	Insulated exterior steel door equipped with keyed cylinder lock for dedicated guest privacy

100% Pre-Plumbed & Plug-and-Play
Connects directly to site water and greywater lines in under 2 hours without concrete groundwork or pitch disruption.

High-Efficiency Steam Extraction
Mechanical exhaust fan and non-porous surfaces ensure rapid drying, preventing condensation and mold between guest visits.

Direct Manufacturer: In-house production plant in Sakarya, Türkiye.
Logistics: Export-wrapped and delivered directly via curtain-sided mega-trailers across Europe.
